MRS. C. M. PROCTOR'S.

HARRISON HAS BEEN REELECTED.

Defeats Altgeld and Carter in
the Chicago Mayoralty
Contest.

HIS MAJORITY
IS A LARGE ONE.

Only Needs a Few Thousand to
Have as Many as Both His
Opponents.

THE ELECTIONS AT
VARIOUS PLACES.

Democrats Win at Denver, Kansas City
in Doubt, Lincoln Goes Repub-
lican and Democrats Make
Gains at St. Louis.

Chicago, April 5.—Carter H. Harrison has been reelected mayor of Chicago by a total vote of 149,158 against 107,225 for Zina R. Carter, the Republican candidate, and 45,938 for John P. Altgeld the independent Democratic candidate. Harrison's plurality being 41,933.

Of the 34 aldermen elected the Republicans secured 19 and the Democrats 15. The next city council will consist of 33 Republicans and 34 Democrats, a gain of five for the Republicans. The city ticket of the Democrats was elected by

CARTER H. HARRISON.

majorities running all the way between 6000 and 8000. The Democrats also carried all town elections, electing assessor, collector, supervisor and town clerk in the north, south and west towns, the majorities running from 6000 to 10,000. The election was entirely upon local issues, no element of national politics entering into the campaign. The election was devoid of the usual fights at the polls.

Result at St. Louis.

St. Louis, April 5.—Five of the eight aldermen chosen at the city election are Democrats, giving the Democrats a large working majority. All the appointive offices will be filled by Democrats.

In the house of delegates 9 Democrats were elected, making a Democratic gain of five members.

The Republicans elected their entire city ticket at Jefferson City by majorities ranging from 36 to 236. A. P. Grimshaw, Republican, won over H. McHenry, Democrat, for mayor by 123 majority.

The city election at Carrollton resulted in a Democratic victory. William Busby, Democrat, was reelected mayor by a majority of 133.

Marshman Reelected.

Kansas City, April 5.—William Marshman, Republican, was reelected mayor of Kansas City, Kas., by about 500 majority, and the remainder of the Republican ticket was successful.

Leavenworth elected Dr. S. K. Neely, Democrat. Atchison elected practically the entire Republican ticket, headed by Donald.

Lawrence elected a straight Republican ticket. Arkansas City elected Frank J. Hess, a silver Republican, and the entire Republican ticket.

Hutchison elected all Republicans except one alderman. Emporia elected a straight Republican ticket except W. T. McCarthy, a Democrat, as city attorney.

In Topeka the entire Republican ticket is elected by 2000 majority.

In Wisconsin.

Milwaukee, April 5.—Municipal elections were held in nearly all the towns and cities in Wisconsin, outside of Milwaukee. The Republicans lead, while in several towns the mayor and council are of a different complexion.

Reelected Mayor.

Springfield, Mo., April 5.—Loren E. Wheeler, Republican, was reelected mayor by 127 plurality over John M. Striffler, the Democratic nominee.

At Quincy Illinois.

Quincy April 5.—The Democrats

elected their city ticket by pluralities ranging from 100 to 1000.

In Nebraska.

Lincoln, April 5.—H. S. Winnett, Republican, was elected mayor of Lincoln by a majority of 800 over A. H. Weir, fusion. The Republicans elect their city ticket.

At Beatrice the entire Republican ticket was elected.

Nebraska City is solidly Democratic.

York, Republican, and Hastings split even.

In the smaller towns political lines were not drawn, the licensing of saloons being the issue.

Split Up at Wichita.

Wichita, Kas., April 5.—Mr. Ross, Republican, defeated Mr. Tapp, Democrat, by 187 majority for mayor. The Democrats elected the city attorney, clerk and treasurer. The council and school board is Republican. Dewey, a cousin of Admiral Dewey, was elected to the city council on the Republican ticket.

Democratic Aldermen.

St. Joseph, Mo., April 5.—The Democrats elected five out of eight aldermen by small majorities.

Some Results in Missouri.

St. Louis, April 5.—Returns from municipal and school elections held in most of the towns, cities and counties throughout Missouri show that the Democrats carried a majority of their tickets while several cities, notably Booneville and Sedalia honor, were divided with the Republicans. Party lines were closely drawn.

Kirksville, St. Joseph, Carrollton, Clinton, Paris, Columbia, Brookfield, Cape Girardeau, Windsor, Holden, Richmond, Monroe City and Moberly reported Democratic majorities, while Jefferson City, Joplin, Springfield, Poplar Bluff, Hamilton, Warrensburg, Carthage and Mountain Grove are Republican.

Result at Denver.

Denver, April 5.—The Democratic city ticket, excepting city clerk and city treasurer and probably some aldermen, has been elected by pluralities ranging from 1000 to 2000. Mayor-Elect Henry V. Johnson is a prominent lawyer, who held the office of United States district attorney for Colorado during President Cleveland's second term. He supported Bryan in the last presidential campaign. The contest was between four candidates—Democratic, Republican, Silver Republican and McMurray, the present mayor, Independent. Successful candidates for clerk and treasurer were on both the Republican and Independent tickets. About 10,000 votes were polled.

Democratic Mayor for Denver.

Denver, April 5.—Henry V. Johnson, Democrat, has been elected mayor of Denver by a plurality of about 3000.

Democratic Mayor Elected.

Hot Springs, Ark. April 5.—George R. Belding, straight democratic candidate, was reelected mayor of Hot Springs. He was supported by the Williams faction which clashed in deadly combat with the opposing forces on March 16, when five men were killed.

At Colorado Springs.

Colorado Springs, April 5.—Dr. John R. Robinson, Republican, candidate for mayor has been elected by 205 majority over M. B. Irvine, the fusion candidate.

TEXAS LEGISLATURE.

The Senate Held no Session, Being Without a Working Force.

Austin, April 5.—The senate was without a working force again yesterday. The house held a busy session.

The order of business was suspended and the house took up and passed to engrossment the bill relating to the contracting, hiring or leasing of state convicts.

The bill to create and establish an industrial institute and college for the education of white girls in the arts and sciences was taken up out of its regular order on its third reading, and was finally passed.

Mr. Schluter called up the motion entered by Mr. Decker to reconsider the occupation tax bill. The motion to reconsider prevailed, several amendments adopted, but the bill was not finished.

Mr. Schulters' bill to quiet titles to lands located and surveyed by virtue of land certificate granted under the act of the legislature granting 1280 acre land certificates to disabled Confederate soldiers. The bill was passed.

The bill to grant to the city of Austin a block of land within the city for free school purposes was passed.

BOLD ROBBERY.

Man Knocked Down at Houston in Broad Daylight and Robbed of \$3000.

Houston, April 5.—One of the boldest robberies on record here was successfully accomplished on Franklin avenue near the postoffice in the glare of high noon yesterday, when E. M. Champion was knocked down and robbed by some unknown man of nearly \$3000.

Champion is in the employ of the Houston Street Railway company and had been to the bank and secured \$3000 to pay off the employees of the company. A pin saved \$115 by holding the money

The bill so provides, as we understand it, that the board of trustees of such independent school district shall determine by lot or otherwise the members of said board whose terms shall expire in 1901 and whose terms shall expire in 1903.

At a meeting of business men held in Brenham Saturday a call was issued for a meeting to be held in Brenham July 3 at 11 a. m., for the purpose of discussing the question of the improvement of the Brazos river. Resolutions were passed calling on city councils, boards of trade, chambers of commerce, business leagues, etc., to appoint delegates to said meeting from the length and breadth of the territory where the people are interested in or would be benefitted by Brazos river navigation. Where no such organizations exist as above mentioned the people are requested to come together in mass meeting and elect delegates.

FROM TABOR.

The weather continues cold and the north wind blows as if it had no mercy on anyone.

Still we went to the picnic on last Friday at Bear creek and all pronounced it a success.

There being no preaching on last Sunday the choir met at Alexandria and had some good singing. Prof. B. H. Wiley of Bethel was among the leaders. Prof. Wiley will remain at Alexandria until after the concert next Friday night, April 7.

Crops are looking very bad from the effects of this cold weather. The gardens are not doing so well. We are needing rain very much to set out plants.

Resolutions of Respect.

To the Worshipful Master, Wardens and Brethren of Hemphill Lodge No. 452 A. F. and A. M.:

We, your committee on resolutions, in memory of the daughter of our beloved brother, A. G. Cobb, Miss Minnie Cobb, who departed this life March 6th, 1899, beg leave to submit the following:

Whereas, It has pleased the Supreme Architect of the Universe to call Miss Minnie from earth to rest in those mansions above not made with hands, eternal in the heavens.

Whereas, That in the death of this young lady, endowed with all the graces of budding womanhood, with all the charms of disposition and character that make the perfect womanly woman, the shadow of her loss is dark over the hearts that knew but to love her.

Therefore be it resolved, That thus passed, in the flower of her fair youth, one of the sweetest, noblest girls that ever won, by beauty of life and whiteness of soul, the love and loyalty of many friends.

Resolved, That the members of Hemphill Lodge extend to her bereaved family our heartfelt sympathy and condolence in this, their irreparable loss.

Resolved, That a copy of these resolutions be furnished the family of Bro. Cobb and that they be spread upon the minutes of our lodge.

PORTO RICANS
ARE DISAPPOINTED.

Not Getting What They Expected From the Hands of Americans.

ROUGH SOLDIERS
CAUSE TROUBLE.

They Create Collisions and Natives Led to Believe They Must Protect Themselves.

THE REAL TROUBLE
IS TRANSPORTATION.

Living Is Higher and the Productions of the Country Kept Away from Foreign Markets by High Rates.

Copyrighted, 1899, by the Associated Press.

San Juan de Porto Rico, April 5.—Although there is not at present any danger of serious disturbances, there is much dissatisfaction among the lower class of natives throughout the island, and there has been a deal of violent talk by the ignorant against the new regime. The cause of this anti-American feeling is the increase in the cost of living since the American occupation began and the ill treatment that many of the natives in the country districts have received at the hands of rough soldiers.

Dissatisfaction is also expressed at the delay in making the island a part or a territory of the United States with the privileges and advantages that would accrue to the island from such a relation, especially in the matter of trade. This the Porto Ricans were undoubtedly led to believe would be the result of the acquisition of Porto Rico by the United States. But, as things have turned out, the prices of all kinds of commodities have advanced considerably; and the cost of living is very much higher now than it was in the days of Spanish dominion. The merchant, moreover, is uncertain to what custom duties he will have to pay and he does not care to order more than is actually necessary. Nor is the agriculturist in a mood to extend his cultivation until he can be assured of a safe market for his products.

Everybody is getting along with the least possible expenditures, and there is undoubtedly much misery and discomfort. Many who are without employment are lying hungry about the towns and they constitute the material which mischief makers use in working up irritation against the Americans.

The conduct of the United States troops in Ponce, Caguas and other places, has aroused many of the natives to defend themselves, and in some instances the soldiers have come off second best. These collisions are probably the basis of statements made in the United States, which report the Porto Ricans as strongly inclined to start a revolution. The fact is, that a little more courtesy in dealing with them would not only have a wonderfully quieting influence, but would greatly facilitate the settlement of other questions pressing for solution.

"Give our commerce and agriculture a chance," said an influential Porto Rican merchant to the correspondent of the Associated Press. "Open up the advantages of the country by establishing good communication and transportation the want of which is the chief stumbling block in our pathway of development; give our people an opportunity of appreciating the new conditions and the benefit of a little more consideration on the part of the Americans who are sojourning in the island, and Porto Ricans will be found the easiest people in the world to govern."

There is an abundance of fruit, oranges, bananas, limes and the like rotting on the trees merely because the expense of transportation would not leave any profit on the picking. Labor is abundant and fairly good. All that is needed is capital and fair play.

Hard to Muster a Court.

Atlanta, April 5.—In order to form a court martial and get the required number of officers for the trial of Lieutenant Frank Curry of the Third Georgia, who will be arranged at Savannah on the charge of murder, the war department will have to go outside of the department of the gulf. The great scarcity of officers in the department of the gulf is accounted for partly by the existence of two other special court martials in progress and also by the fact that regiments leaving for the Philippines and Cuba carry a full quota of officers.

Another War on Foot.

Port au Prince, April 5.—The relations between the republic of Hayti and republic of San Domingo are very much strained, owing to disputes regarding territory claimed by both republics. The two governments are concentrating forces on the frontiers, and it is reported that the Dominicans have invaded Haytian territory and occupied Las Cabas.

Woman Hanged Herself.

Lawrence, Kas., April 5.—Mrs. Palm, the wife of A. Palm, a well known implement dealer of this city, committed suicide by hanging herself at her home. No cause is known for the act.

DRY TORTUGAS.

It Will Shortly Be a First Class Naval Station.

Washington, April 5.—Rear Admiral Bradford, chief of bureau of equipment of the navy department, has just returned to Washington from a flying visit to Key West and Dry Tortugas. He went to inspect the important naval works now in progress there under the direction of his bureau. Great steel coal sheds are going up on Tortugas, equipped with the very latest machinery for handling rapidly great quantities of coal and intend to keep on hand no less than 40,000 tons at this point. A distilling plant is almost complete with a capacity of 60,000 gallons of fresh water per diem, and Admiral Bradford says the Tortugas will soon be a well equipped naval station, capable taking in and caring for a number of battleships. It will be the only harbor between the Chesapeake bay on the north and the mouth of the Rio Grande on the south and west, where such crafts can find shelter in case of need.

Dr. Kay Dead.

New York, April 5.—Dr. Richard Kay, who introduced American cattle, threshing machines, peas, tomatoes and cabbage in Japan, is dead in this city, aged 55 years. He was formerly a cattle breeder in Illinois, and was for four years connected with the department of agriculture.

Another Vanderbilt Weds.

New York, April 5.—Emily Vanderbilt Sloane, daughter of William Douglas Sloane, a niece of Cornelius, William K. Frederick and George Vanderbilt, was married here to John Henry Hammond of Boston. The ceremony took place at St. Bartholomew's church. The beautiful edifice was magnificently decorated. The newly married pair will spend their honeymoon at Lenox. The bride was the recipient of many handsome and costly presents.

Vanderbilt's New Dormitory.

Nashville, April 5.—Chancellor Kirkland of the Vanderbilt university, announces that William K. Vanderbilt has decided to present to the university a dormitory building for the students. The structure, the estimated cost of which is \$100,000, will be erected on the campus.

More Carpenters Out.

Cleveland, April 5.—About 500 additional men have joined the carpenter's strike which was inaugurated Monday. It is now estimated that over 1500 are out. It is said by officials of the carpenter's union that 3000 men will be out by Saturday unless terms are agreed to.

Shot His Wife and Suicided.

Detroit, April 5.—After attempting to murder his wife and 6-months-old babe, Walter Miller, aged 30, foreman in the Detroit Soap works, sent two bullets into his own brain and died almost instantly. Mrs. Miller is seriously wounded, but may recover. The child is unhurt.

Fly Between China and Hawaii.

San Francisco, April 5.—The steamer City of Columbia which recently went on the reef at Honolulu and was subsequently sold for \$1500, is to be repaired and placed on the route between Hawaii and China.

NEWS IN BRIEF.

Captain Joseph Labarge, a well known river man, is dead at St. Louis, aged 82. Eight hundred men are on a strike at the Ishpeming, Mich., mines.

George L. Andrews, brevet major general of the United States army retired, is dead at Brookline, Mass., aged 70 years.

Ex-Secretary Sherman is gaining steadily in health, while Vice President Hobart is a little worse.

General Shafter received orders from Washington to report before the court of inquiry at once. He left San Francisco for Washington at once.

The war department received information that the miners on the Copper river, Alaska, is in a starving condition. Relief will be sent them.

P. E. Kemp has been appointed receiver of the Excelsior Coal company, at Middlesboro, Ky. A large amount is involved.

Advices from Kingston, Jamaica, say there is dissatisfaction at the action of the governor on the tariff and appointment of a new council, but no rebellion is feared.

Rev. James Bowen Funsten, rector of the Trinity Protestant Episcopal church, Portsmouth, Va., has accepted the Boise, Idaho, bishopric.

PREFER WEST INDIES.

American People Would Exchange the Philippines for Them.

Washington, April 5.—Much interest is felt here in the proposition originating with the inhabitants of St. Kitts, in the Leeward islands, for the exchange of the Philippines for the British West Indies. There are strong arguments in favor of such an exchange if Great Britain can be induced to part with her West Indian colonies, and there is little doubt if the people of the United States had an opportunity to choose between the Philippines and the English possessions in the Caribbean sea, they would prefer the latter. This is particularly true of the residents in the eastern states.

The possession of the West Indies would be of great importance to the United States from a military point of view, as it would make the Caribbean sea practically an American lake, and would enable this country to dominate completely all approaches to any future isthmian canal from the Atlantic side. It would also bring the United States into closer relations with Central and South America, and would tend to develop commerce with all the nations south of Mexico.

PRINCESS SALM-SALM.

She Brings Several Flags She Will Return to New York Regiments.

New York, March 5.—The Princess Salm-Salm of Bonn, Germany, who arrived here on the Kaiser Wilhelm der Grosse, is to spend two months in this country, most of the time at the home of her brother-in-law, Colonel Edmund Johnson, at Vineland, N. J. The princess has not been in this country for many years. While here she will visit Washington, where a reception will be given in her honor by Mrs. Chamberlain. She may also visit Chicago.

The princess is the widow of Prince Felix Constande Alexander John Nepomucene Salm-Salm of Anhalt, who came to this country and fought on the Union side during the war. He became a brigadier general, and his wife, for her services in behalf of the Union soldiers, was commissioned a captain by Governor Yates of Illinois. She received the pay of the rank, but gave it for the relief of sick and wounded. Her husband subsequently went to Mexico, and became chief of the staff to Maximilian. He lost his life in the Franco-Prussian war. For efforts to save the life of Maximilian, the princess was granted a pension by the Austrian emperor.

The princess brings with her three flags of the old Sixty-eighth New York volunteers which were presented to her husband, and which will be given to the veterans of the Sixty-eighth. She has also three flags which belonged to the Eighth New York volunteers, of which her husband was for a time, colonel. These she will return to the Eighth regiment.

LOSING MANY MEMBERS.

The League of American Wheelmen Short on Members.

New York, April 5.—Something of a sensation was created in the League of American Wheelmen circles in this city when it became known that in the last week the league had lost more than 9000 members. For many months the organization has been losing members at the rate of about 7000 a month, but the figures received at the League of American Wheelmen headquarters were startling.

They showed that in one week the membership drop was 9139, of which New York contributed 2554, Pennsylvania 1688, and Massachusetts 1879. The total league membership to date is 65,418, a loss of nearly 40,000 in little more than a year. The membership in the three principal divisions are: Pennsylvania, 15,530; New York, 15,314; Massachusetts, 10,665.

In explanation of the big defection of members, a League American Wheelmen officer said that 11,000 memberships expired on April 1. Many of these, he said, would renew before the end of the month, by which time he thought the figures would again become normal. Others, however, doubted whether the league would ever regain the figures of last week.

Double Murder and Suicide.

Albany, Ga., April 5.—Walter R. Jackson, his wife and their three months old babe were found dead in bed here. Jackson and wife each had a pistol shot in the head while the child was shot through the body. Death was evidently instantaneous in each case. It is evident that Jackson shot his wife and child, then killed himself. Insanity is believed to be the cause.

Bad Fire at Matanzas.

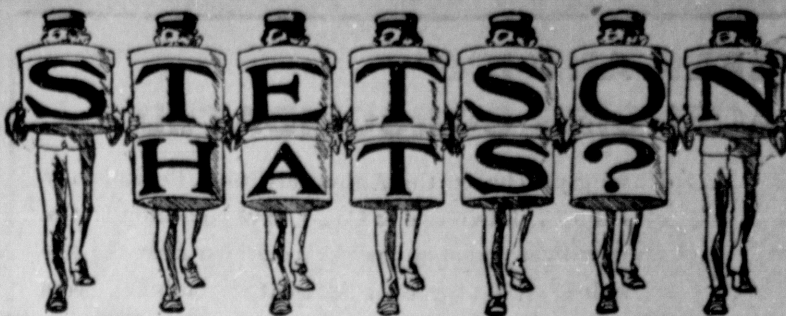

Havana, April 5.—The building occupied by the Spanish club at Matanzas was almost totally destroyed by fire. The flames burned fiercely, and a panic spread over the city. General Wilson, with his American troops, did splendid work in preventing the spread of the fire and saved many lives. A few persons were injured. The entire population highly praise the action of the American soldiers.

Judge Frink Acquitted.

Springfield, Mo., April 5.—Probate Judge James A. Frink, who was indicted last fall on five counts for failing to report fees coming into his office, was acquitted of every charge.

Buffington Brigadier General.

Washington, April 5.—The president has appointed Colonel Adelbert I. Buffington to be brigadier general in chief bureau ordnance, to succeed the late General Flagler.

MASSING FORCES.

Insurgents in Trenches Five Miles North of the City of Malolos.

Manila, April 5.—The insurgents are massing strong forces north of Calumpit, about 54 miles northwest of Malolos, and according to the observations of the reconnoitering parties they have fine entrenchments there. It is expected that hard fighting will be necessary to dislodge them at that point and at San Fernando, where Aguinaldo is supposed to be. Large rivers strengthen both positions.

The Montana regiment had one killed and three wounded Monday. Twenty-five men were prostrated by heat and brought to the hospital. Two new big Krupp guns, one 6-inch and the other 8-inch, which were found buried at Malolos, will be mounted.

The Americans have also found 27,007 silver dollars.

The proclamation contains 11 articles, declaring America's intentions as follows:

1. The supremacy of the United States must and will be enforced throughout every part of the archipelago. Those who resist can accomplish nothing except their own ruin.

2. The amplest liberty of self-government will be granted which is commensurate with just, stable, effective and economical administration and compatible with the sovereign rights and obligations of the United States.

3. The civil rights of the Filipinos will be guaranteed, their religious freedom will be assured and all will have equal standing before the law.

4. Honor, justice and friendship for the exploitation of the people of the islands. The purpose of the American government is the welfare and advancement of the Philippine people.

5. To guarantee an honest and effective civil service in which to the fullest extent practicable, natives shall be employed.

6. The collection and application of taxes and other revenues will be put on a sound, honest and economical basis. The public funds raised justly and collected honestly will be applied only to defraying the proper expenses of the establishment and maintenance of the Philippine government and such general improvements as public interests demand. Local funds collected for local purposes shall not be diverted to other ends. With such prudent and honest fiscal administration it is believed the needs of the government will in a short time become compatible with a considerable reduction in taxation.

7. The establishment of a pure, speedy and effective administration of justice by which the evils of delay, corruption and exploitation will be effectually eradicated.

8. The construction of roads, railroads and other means of communication and transportation and other public works of manifest advantage to the people, will be promoted.

9. Domestic and foreign trade and commerce and other industrial pursuits and the general development of the country in the interest of its inhabitants, will be the constant object of solicitude and fostering care.

10. Effective provision will be made for the establishment of elementary schools, in which the children of the people will be educated. Appropriate facilities will also be provided for higher education.

11. Reforms in all departments of government, all branches of the public service and all corporations closely touching the common life of the people, must be undertaken without delay in a way to satisfy the well-founded demands and the highest sentiments and aspirations of the Philippine people.

Proclamation Distributed.

Manila, April 5.—The proclamation of the United States Philippine commission is posted on the streets, printed in English, Spanish and Tagalog. It is also distributed to outside towns, as far as Malolos, and has received marked attention by the natives generally, and has been approved by a number of representatives of Manilans. English bankers here who have been interviewed on the subject, are optimistic upon the attitude of the Americans, assuming that it indicates the decisive policy and will undoubtedly be successful.

Nothing From Otis.

Washington, April 5.—If General Otis is maturing plans for another campaign against the insurgents in the vicinity of Calumpit, as is indicated by press dispatches from Manila, he has not so informed the war department. In fact, General Otis has not thought it needful to communicate with the department for two days and while it may be necessary to send troops against the insurgents, whom have gathered at Calumpit in order to make the United States more secure and for its effect upon the natives, yet it is not thought Aguinaldo has any great force, and it is believed that upon the approach of the American army the insurgents would retire after an exchange of a few shots.

Aguinaldo Reported Supplanted.

Manila, April 5.—There are persistent rumors here that Aguinaldo has been supplanted in control of Filipino affairs by Luna, commander-in-chief of the Filipino forces. Luna is described as being a typical belligerent.

Not on the Army Register.

Washington, April 5.—The name of Dr. Charles V. Harris is not carried on the army register nor has the surgeon general's office any record of any person by that name connected with the medical department of the army at Manila or the Philippines. It is not believed at the war department that he has any connection with the army.

The Most Liberal Policy

EXTANT. EQUALED NOWHERE!

Not Approached by the Contract of any other Company.

On March 8, 1899, the PENN MUTUAL LIFE INSURANCE COMPANY made a radical departure. While retaining all of its great variety of plans of life insurance and, for the purposes of securing full information in order to judge of the acceptability of applicants, adhering to its present forms of proposals, it decided upon the issue of any one of its contracts of insurance it would immediately endorse thereon the following:

"This Policy is Absolutely Incontestable from date of issue for any cause except non-payment of premium, anything in this contract to the contrary notwithstanding."

While the Company will scrutinize carefully all applications, yet once agreeing to accept a risk, it is accepted in its entirety, wholly and irrevocably, without provision or condition, except the payment of premium.

The endorsement which it now puts upon its policies is not limited to a special class of insurers or to a few special forms of contract. All good and acceptable risks are treated alike, thus preserving a proper mutuality. No one is asked to forego his dividends—they may be used in reduction if he desires; no one is put into a special class; no invidious or unjust distinction in the membership is permitted. The contract of life insurance is so broadened and liberalized that it is a simple and inviolable promise to pay at a given date, or upon death, and NOTHING IN LAW OR EQUITY OR CIRCUMSTANCE OR CONDITION CAN POSSIBLY DEFEAT IT. It is the crystallization of the idea expressed in the few words: "You pay us; we pay you." It is freer from conditions than a bond of the United States, and is as unailing security.

The effect of the above endorsement upon the policies of the Penn Mutual is to make them a world-wide contract, free from all conditions as to residence, occupation, travel, habit of life, and as to manner, time or place of death. It is the ultimate in life insurance, for no contract can possibly go any further than to be an unconditioned promise to pay.

Without any increase in premium, or without any stipulation as to the use of dividends, the policies embrace:

First—Automatic extension—the longest.
Second—Paid up insurance—the largest.
Third—Cash or Loan Values—the most liberal.
Fourth—No conditions as to residence, occupation, suicide, dueling, violation of law or military or naval service.

Fifth—While absolutely incontestable for any cause, except non-payment of premium, they provide for immediate payment upon receipt and approval of proofs of death; for reinstatement in case of lapse at any time; premiums are accepted within thirty days of the date due, if the insured is in good health; notes are accepted in settlement; every possible consideration is shown the insured.

Sixth—While the policy itself is the complete contract, a copy of the application is furnished for the information of the insured.

Nothing has heretofore been done in life insurance which will command such world-wide attention and instant approval. It shows that the PENN MUTUAL has reached the goal toward which others are sauntering, and far in advance of all its competitors.
